

Rockets into Roses

From Rockets

Over 12,000 rockets have been fired into Israel in the last 9 years, causing chaos, destruction and death. An entire generation of children has been traumatized by the fear and terror of ongoing rocket attacks. Israeli citizens deserve a better future.

To Roses

An Israeli artist, living in the shadow of terror, turns objects of destruction into expressions of peace, beauty and hope. Hand-sculpted art made from actual rockets that landed in Israel are living symbols of Israel's perseverance in the face of terror.

To Shelters

Millions of Israelis are within striking range of rocket attacks. With only 15 seconds to find cover, lives are in jeopardy. A portion of the proceeds is donated towards building above-ground portable bomb shelters to protect the citizens of Israel.

Own a piece of history and protect the citizens of Israel.
